Purpose of CMAA NCC Project Achievement Awards

The CMAA National Capital Chapter (NCC) Project Achievement Awards recognize excellence in construction and program management across our region. Each year, leading construction and program managers deliver innovative projects that demonstrate creativity, problem-solving, and measurable success. These awards highlight projects that serve as examples of excellence and provide valuable lessons to the industry.

We encourage all professionals to submit their projects and showcase the impactful work shaping our industry—because great projects deserve the spotlight!

SUBMISSION INSTRUCTIONS

Each entry must be submitted electronically to CMAANCCAwards@gmail.com

Fee: \$200 (members) / \$225 (non-members)

Submission Package

Submit **one PDF** containing all materials:

- Size: 8.5" x 11", portrait
- Minimum 10-point font
- Include all text & supporting materials

Images (Submit Separately JPEG/TIF):

- Minimum 300 dpi
- 3 During-Construction Photos
- 3 After-Construction Photos

PART ONE: Project & Team Information (no scoring weight)

- List all major participants (Owner, CM/PM, Designer, Architect, Engineer, Contractor, Key Stakeholders).
- Provide a brief project description including location, construction value, and contract term.

PART TWO: CM Innovations & Contributions (30%)

This section represents a significant portion of the score and should clearly demonstrate what differentiates the project and the CM approach.

- Maximum 400 words
- Provide a statement describing the unique contributions of the CM to the success of the project.
- Focus on innovation, creativity, and value delivered.
- Explain how challenges were addressed, opportunities created, or risks mitigated.

PART THREE: Supporting Information (40%)

- Provide more detail supporting the statements in PART TWO.
- Focus on relevant areas such as: Schedule, Cost, Quality, Safety, Risk Mitigation, Sustainability, Stakeholder coordination, Project delivery method and innovation
- It is not necessary to address all areas—focus on those most relevant to the project.
- Avoid describing standard practices, emphasize unique aspects of the project. Judges will evaluate how effectively the submission demonstrates innovation, leadership, and measurable impact.

PART FOUR: Outcomes (30%)

- Provide documented project outcomes that support PART TWO & THREE:
 - Client/owner testimonials
 - Schedule performance (met requirements or deviations)
 - Cost performance
 - Claims (if any) and resolution
 - Safety performance, including OSHA recordable rates
- Outcomes should be measurable and clearly demonstrate the success of the project.
